Six persons were injured, one seriously, in a two car accident on U. S. Highway 65 about 10 miles north of Sedalia at 7:30 o'clock Wednesday night. The accident occurred on a straight-of-way just before reaching a dip in the highway.

Mrs. Elsie Lee Cook, 39, of 1618 West Broadway, driver in one car was the most severely injured. Mrs. Cook suffered a fracture of the left forearm, left wrist, crushed right shoulder, one crushed vertebrae, cut over one eye and on one, possible internal injuries and complained of a neck injury.

Debby Cook, six years old daughter of Mrs. Cook, suffered an abrasion over the left eye, but otherwise escaped injury. She was taken to the home of an aunt, Mrs. Robert Claycomb of Weathersport, Mo.

Injured in the second car were: Mrs. Fratie Dawson, 84, of near Houstonia, a chest injury.

Leslie Dawson, 63, husband of the driver of the car, Mrs. Frieda Dawson, Omaha, Neb., suffered a deep cut and an abrasion on the right arm.

Ray Dawson, 52, Houstonia, brother of Leslie, complained of a back injury.

Miss Viola Ann Dawson, 17, daughter of the driver, who suffered abrasion and bruises of the right ankle and left arm, and a contusion on the right forehead.

The injured were rushed to the Bothwell Hospital in the Ewing ambulance where Dr. Karl Gonsler, rendered medical treatment and had X-rays taken to determine other injuries.

According to a report given the State Patrol, the two automobiles, one a 1947 Studebaker coupe driven by Mrs. Cook, and a 1950 Chevrolet sedan driven by Mrs. Dawson, 54, were both headed north on the highway. The Studebaker is owned by Homer L. Thomas of Ottumwa.

Mrs. Cook, it was reported started around the car driven by Mrs. Dawson, and as she started to pull back into her lane in front of the Chevrolet because of an oncoming car, the left front bumper of the Chevrolet and the right rear bumper on the Studebaker locked. This caused the Studebaker to go into a skid and overturned on its top in the ditch on the east side of the highway.

The Chevrolet also went into the ditch but remained on its wheels facing the Studebaker which had made a half turn and was headed back south but on its top.

Mrs. Cook gave the report of the cars bumping locking while Mrs. Dawson reported when she saw the car coming around her she pulled on the shoulder to keep from hitting it and her car hit the Chevrolet after it had turned over in the ditch, according to State Trooper Pete Stohr who with Trooper William Southwick, of the State Highway Patrol, made the investigation.

Mrs. Cook, it was reported, was partly thrown from the car and (Please turn to Page 2, Col. 2)

'Skywriter' Is Rated First in SAC Papers

The "Skywriter," base newspaper for Whiteman AFB, took top honors for May in newspaper ratings in the Strategic Air Command.

The paper achieved a 93.7 rating, the second highest in its history. The highest score was recorded in February—an even 94.

In the annual standings, the base paper is one tenth of one point behind the Flyer. The Skywriter's annual average is 92.1. A slim margin, but not easily overcome.

The SAC rating is centered primarily around journalistic quality, support of base objectives, news coverage, etc.

The staff is comprised of S-Sgt. William Hill, editor; S-Sgt. Loren Leiberger, associate editor; A-1c Gerald Warder and Edward Sullivan, staff writers.

The Skywriter is published at The Sedalia Democrat - Capital plant.

Sidelights on Missile Defense Here Given

Some sidelights on what constitutes missile defense of certain areas in this country, such as Whiteman Air Force Base and Kansas City, were given in a talk by Col. Leslie J. Staub, commanding officer, 4th Region, Army Air Defense command, before members of the Air Base-Community Council meeting at the Whiteman AFB Officers Club Wednesday night.

House Votes On Plan To Reduce Wheat

Farmer Would Plant
25 Per Cent Less
Acreage Than Before

WASHINGTON (AP)—The House votes today on new wheat legislation aimed at cutting production sharply in 1960 and 1961.

The voting stage was reached a day after the Agriculture Department forecast a wheat crop in 1959 of nearly 1,200,000,000 bushels. That would add another 200,000 bushels to the 1,285,000, already accumulated from past crops.

The legislation would require wheat farmers to take a 25 per cent cut in acreage, but increase the price support level to 9 per cent of parity. Parity is a price determined under farm law to be fair to farmers in relation to their costs.

The present program provides wheat supports at 75 per cent of parity on a national base of 55 million acres.

The government has invested nearly 3½ billion dollars in wheat it has acquired under support operations.

Secretary of Agriculture Ezra Taft Benson contends the House bill would add to the program's costs without bringing a sufficient cut in production. He favors instead basing price supports on a percentage of average market prices—much lower than parity—as a means of cutting production. But he has won no congressional support for that idea.

The administration also is opposed to the bill passed May 22 by the Senate. This would lower the support level to 65 per cent of parity for farmers who comply with their allotments. But the support level would be raised to 75 per cent of parity for those taking a voluntary 10 per cent cut in acreage and to 80 per cent of parity for a 20 per cent acreage cut.

Chairman Harold Cooley (D-NC) of the House Agriculture Committee, urging support for the House bill yesterday, said the wheat problem is constantly being aggravated.

Keglers to Compete In Benefit Program

Sedalia bowlers will compete in the second annual telethon benefit program for the Crippled Children's Center Friday night at Broadway Lanes. It is hoped that the program, which will be telecast over KMOS-TV, will net \$1,500 for the Crippled Children's Center.

All Sedalians are urged to participate in this program—either as a bowler or as a contributing spectator. The entire proceeds, including the amount netted from bowling fees and the contributions of television viewers, will be given to the Crippled Children's Center.

Charley Thompson and Jim Carter, co-owners of Broadway Lanes, have made all 16 lanes available, without cost, for this charity. Sponsors of programs over KMOS-TV have contributed time so the program can be televised. Also, KMOS-TV has agreed to continue the program beyond normal broadcasting hours—without cost.

L. Miller, commanding officer of the 5th Missile Battalion, 55th Artillery, were special guests at the meeting called to discuss plans for the July 3-4-5 Jubilee at the base. The two officers previously had participated in a program in Kansas City starting activation of Nike-Hercules missile bases in the Greater Kansas City area. Seventy-five young men were sworn into units before assignment to eight weeks of basic training.

Two Nike-Hercules missile bases are planned for the Whiteman area—one near Stokley in northwest Pettis County and one near Sutherland in southeast Johnson County.

Col. Staub described the Nike-Hercules missile as a ground-to-air supersonic weapon used in defense against air attack. The missile may be armed with either an atomic or conventional high explosive warhead. Each battery is made up of about 100 officers and men. Certain modifications in existing ground control equipment make it possible for the Nike-Hercules to be integrated into existing Nike batteries throughout the nation. Both Nike-Ajax and Nike-Hercules can be fired from the same system. The Army has long been aware of the urgent need for the development of an anti-missile missile. The Army project in this field would be the next addition to the Nike family, the Nike-Zeus.

Col. Staub could not give a definite date on which work may start on the Central Missouri Nike sites, but once started, construction time might require a year. Any area housing for the complement of men should be within ten minutes of the bases. Construction of the Stokley and Sutherland sites is also dependent on anticipated appropriations for their erection.

After Col. Staub's talk there was a complete review of plans for the Whiteman Community Jubilee in July, led by Col. Harold E. Humfeld, commander, 340th Bombardment Wing, who presided at the meeting.

Group Blocks Labor Control Consideration

WASHINGTON (AP)—The House Labor Committee at a stormy session today blocked a move to delay House consideration of a labor control bill.

By a reported vote of 20-10, the committee defeated what some members denounced as an attempted stalling effort to send legislative proposals back to a subcommittee.

Committee members then opened up the legislative field to include virtually all proposals before it. These include the Senate-passed control bill and a measure drafted by Chairman Graham A. Barden (D-NC). Both measures would be subject to committee revision.

After the closed-door session, Rep. Edward W. Hiestand (R-Calif.) interpreted the committee's refusal to turn the legislation back to a subcommittee as evidence that the committee majority "is determined to have a bill."

Slim Coed Testifies In Court

Claims Four
White Youths
Had Weapons

TALLAHASSEE, Fla. (AP)—A slim Negro coed testified softly today that she begged and wept in vain while four white youths raped her repeatedly last May 2.

"I was begging them to let me go," said the girl from the witness stand where the four youths are on trial for their life. "I started crying and they said to shut up."

"There wasn't anything I could do with four men with a knife and a gun but do what they said to do."

Earlier the defense had claimed the 19-year-old university freshman made no protest, and may even have consented.

State Atty. William D. Hopkins asked the girl:

"Did you consent?"

"No sir, I didn't," the girl replied.

The girl whose name cannot be publicized under Florida law, is a slender youngster of medium height with fragile dark features. She testified in the soft, fluid accent of her native South while her hands nervously worked a handkerchief.

The coed testified that while she was being raped again and again in a dark stretch of woods her assailants removed the license plate from their car before leaving the area. She added that when they left she was blindfolded and forced to lie on the floor of the car.

Hopkins had to ask three times before the girl consented to shift her eyes over to the defendants a few feet away and identify them. Then she gave them a fleeting, timid glance. The four boys stared back intently at the witness during her recital.

Hold Missourians For Deepwater Slaying Queries

GUNNISON, Colo. (AP)—Three persons sought under Missouri warrants for questioning in connection with a slaying were arrested at this mountain town today by Sheriff George Cope.

He identified the trio as Floyd F. Howard; his son, George E. Howard; and the son's wife, Carol. The sheriff said he also was holding another of Howard's sons, Charles 12.

The slaying was that of Miss Pearl Hall, who was found bludgeoned and shot Monday at her home two miles southwest of Deepwater, Mo. Miss Hall died two hours later without regaining consciousness.

Sheriff Lawrence Sartin of Missouri said the Howards had been living at the victim's residence.

At Clinton, Sheriff Sartin said a request would be made for extradition on murder warrants if the three did not waive removal to Missouri.

Floyd Howard is 51, his son, George is 24, and the son's wife, Carol, is 20. Sheriff Sartin said the younger Howards had left two small children with relatives in McPherson, Kan. on their trip to the west.

Big Community Jubilee For July 4th Weekend

Whiteman Community Jubilee will be held at Whiteman Air Force Base on July 3, 4 and 5. It is expected to be one of the greatest displays of varied entertainment that has ever been presented anywhere in this area.

A meeting was held at the Chamber of Commerce office

Wednesday morning for the purpose of planning the ticket sale in Sedalia and, in addition to the sale of tickets through the retail merchants, teams of airmen will be at Third and Ohio on June 12-13 and June 26-27 selling tickets. The tickets will be admission to six big entertainment features.

The Jubilee will consist of the nationally-known United States Air Force Drum and Bugle Corps direct from Washington, D. C., the Second Air Force Marching and Dance Band, popular celebrities, a mass parachute jump by the 101st Airborne Division, a giant Midway of entertainment featuring kiddie rides, games of skill and fun for the whole family; modern aircraft will be displayed as will World War I airplanes. There will be a style show for the ladies, with local stores participating, a Jubilee Queen Contest featuring high school graduates within a radius of 50 miles, Judo and Sentry Dog Exhibition, Sports Car Rally, and the Automobile Show bigger than that in Kansas City, a boat and motor show and on July 5 there will be a wonderful display of fireworks.

The Central Missouri Automobile Dealers Association is co-operating and two cars will be given away, along with many other valuable gifts.

Insurgents Raise White Flag Wednesday Night and Quit

MANAGUA, Nicaragua (AP)—The government announced that more than 40 rebels surrendered today and are being brought to Managua, probably for trial.

These rebels raised a white flag Wednesday night and offered to give up their fight against the Nicaraguan government. They surrendered to the National Guard near Fruta de Pan (breadfruit), not far from Santo Domingo, in South Nicaragua.

The government demanded their unconditional surrender after rejecting an offer by the insurgents to get out of the fight if given safe conduct out of the country.

Encouraged by eyewitness reports of rebel disintegration, the commander of Nicaragua's armed forces, Gen. Anastasio Somoza, said he thought the 45 would surrender today. They face trial, with nine-year prison terms the maximum penalty possible.

Two newsmen who visited the rebel band and brought out their spokesman, said 16 of the group refused to give up and marched off into the mountains to continue their defiance of Gen. Somoza and his brother, President Luis Somoza.

According to government reports, the 16 holdouts are the biggest contingent still trying to fight the Somozas. Somoza claims another planeload of about 40 rebels who landed from Costa Rica nearly two weeks ago has been split into groups of twos and threes and is no longer a threat. Rumors of additional invasions have not materialized.

Despite the government claims and the eyewitness report, a Nicaraguan rebel radio heard in Honduras, said insurgents killed 86 Nicaraguan National Guardsmen in fighting for the town of Boaco, some 60 miles northeast of Managua. The broadcast added that newly acquired planes were bringing ammunition and weapons to the rebels in the Boaco area.

The newsmen who went by jeep and on foot to reach the rebel band were Mario Biasetti of the Columbia Broadcasting System and Rogelio Caparros of the Havana magazine Bohemia. They found them in the jungle about 100 miles east of Managua.

The newsmen said the insurgents were in pitiful condition, tired, hungry, frightened and eager to give up. They had not eaten for two days and had marched steadily for 21 hours.

Their leader, Pedro Joaquin Chamorro, scion of a prominent publishing family in Managua, let his comrades vote on whether to continue the fight.

Long's Case Studied

Constitution Involved In Scheduled Hearing

GALVESTON, Tex. (AP)—Questions of federal and Texas constitutional law are involved in a scheduled sanity hearing for Louisiana's Gov. Earl K. Long, one of his court-appointed attorneys said Wednesday.

Atty. Adrian S. Levy Sr. also said there may be developments before the hearing June 16.

He declined further comment, explaining it was not proper for him to discuss a client's case.

Levy said he and the other two attorneys appointed by Probate Judge Hugh Gibson to represent Long in the hearing may have a statement after a conference with the governor today.

That conference may answer the questions:

1. Whether Long will voluntarily continue treatment. If he does Texas law allows the sanity hearing to be cancelled. If he refuses, the hearing must be held to determine whether he is mentally ill and should be committed to a hospital for treatment.

2. If a sanity hearing is held, whether Long will be represented by attorneys the court appointed. Texas law permits him to attend the hearing and to name his own attorneys.

The governor was flown here forcibly May 30 for treatment after a violent outburst before the Louisiana Legislature. After he

Probes Basis To Continue Negotiations

Herter Meets With
Gromyko to Discuss
Berlin Agreement

GENEVA (AP)—U.S. Secretary of State Christian A. Herter met with Soviet Foreign Minister Andrei Gromyko today to find out if there is any basis for continuing negotiations for a Berlin agreement.

Taking the lead for the West in the Big Four negotiations, Herter met with Gromyko after consulting with his Western colleagues.

Herter had talked for 30 minutes with Foreign Secretary Selwyn Lloyd of Britain, French Foreign Minister Maurice Couve de Murville, and Ambassador Wilhelm Grewe of West Germany.

Gromyko showed some signs of willingness to lower his price for ending the Soviet threat to West Berlin temporarily.

Other Soviet spokesmen said the one-year deadline is negotiable and indicated the Soviets might agree to a longer period of Western occupation. Soviet Deputy Foreign Minister Valerian Zorin at a press briefing called on the West to make counterproposals so that the negotiations could proceed.

The Western foreign ministers, however, remained adamantly opposed to any deadline on their occupation of the former German capital. U.S. Secretary of State Christian A. Herter told the foreign ministers' conference that the Western occupation rights were not granted by the Soviets and "they are not rights which the Soviets can cancel, assign or modify."

Herter and Gromyko scheduled a private session today to consider the future of the conference. It appeared likely the Geneva meeting would break up in disagreement within a few days unless the Soviets drastically revised their proposal.

There was some talk of a long suspension of the foreign ministers' talks while deputy foreign ministers of the four nations carry on some negotiations.

Western officials believed Gromyko had contacted Soviet Premier Nikita Khrushchev to report the violent U.S.-British-French reaction to the new Soviet proposal and to discuss the possibility of modifications.

WAFB Construction Of Homes Is Delayed

Construction of 154 homes at Whiteman Air Force Base has been delayed due to non-receipt of bids. A representative survey of prime contractors indicates bids were not submitted due to sub-contractors high cost estimate on earth moving involved in the project.

The housing project has been reopened for bids and it is felt sub-contractors, upon reappraisal, will scale down the earth moving bids.

Originally bids were to be opened on May 28. New bids are to be opened on June 24.

"A few severe thunderstorms with damaging winds are expected in an area 60 miles either side of a line from 40 miles south southeast of Omaha, Neb., to 60 miles north northeast of Springfield, Mo., from 2 p. m., until 9 p. m., CST, today," it said.

Hoffa Faces An Unhappy Choice Today

WASHINGTON (AP) — James R. Hoffa faces an unhappy choice today. Either way, his continued rule of the big Teamsters union is in jeopardy.

Under a new court order, Hoffa must either lead a thorough cleanup of his union or face a possible jail sentence for contempt.

If the tough-talking Hoffa espouses reform, bringing disciplinary and ouster proceedings against some of his closest lieutenants as ordered, he loses support of key men who helped him move to the union's top job.

If Hoffa continues to balk at union reforms — only recently he said there was no Teamsters corruption to investigate — he's bound to run into the hands of the federal courts.

That is the dilemma facing Hoffa, 46, as the result of a U.S. Court of Appeals ruling Wednesday. The court held unanimously that Hoffa and his union, the nation's largest claiming 1,600,000 members, must knuckle down to reforms recommended by court-appointed monitors.

Obedience to reforms may include a union investigation of charges against Hoffa himself. The monitors have been holding off a batch of charges brought by union members against Hoffa, until monitor enforcement powers were cleared up.

Hoffa has been cornered before, however, and emerged in the clear. He's won acquittal in two recent criminal trials.

Hoffa still could ask for a Supreme Court review of the appeals court decision. He withheld comment on the ruling.

The appeals court ordered Hoffa and his union to comply with clean-up orders already issued. This specifically included orders, based on Senate committee disclosures, to investigate Owen (Bert) Brennan, Detroit; Ray Cohen, Philadelphia, and John J. McNamara, New York.

All three are powerful Teamsters officials and close associates of Hoffa.

The appeals court also outlined a procedure whereby the monitors may force compliance with future reform recommendations through orders of U.S. District Court Judge F. Dickinson Letts.

The 84-year-old Judge Letts has been ruling consistently with the monitors, and it was his interpretation of court enforcement powers of monitor cleanup orders that was upheld by the appeals court.

Hoffa accepted the monitorship a year and a half ago as part of a compromise settlement of a lawsuit that charged he rigged a Teamsters convention to get himself elected.

Under the compromise he's been serving only provisionally as Teamsters president. Judge Letts has indicated he could throw Hoffa out of the job.

The head of the three-man monitor board, Martin F. O'Donoghue, viewed the appeals court decision as giving the monitors a go-ahead for an all-out Teamsters corruption cleanup. O'Donoghue quickly held a private conference with Judge Letts on procedures.

pinned under and inside it. Passing motorist arriving on the scene lifted the car enough so Mrs. Cook could be pulled from the wreckage.

Debby Cook was also helped out of the car by the motorist.

A doctor, whose name was not learned, was passing and stopped and while there put a temporary splint on Mrs. Cook's left arm and wrist. He left immediately upon the arrival of the ambulance.

Wreckers from Chamberlin's Service Garage heard of the seriousness of the accident rushed to the scene to give any assistance they could in getting anyone out from under the cars if someone was pinned under it. The wreckers towed the two cars to the Chamberlin garage.

Leslie R. Webb, 32, 1314 East 14th, was seriously injured about 4:22 o'clock Wednesday afternoon in a freak accident with a paving machine of the Union Construction Co., in front of the Eastview Cafe' on East U.S. Highway 50.

Webb suffered a severe fracture of the left leg, and severe laceration and contusion of the right leg when caught by the moving machine and caught between the machine and a truck. He was rushed to the Woodland Hospital where Dr. R. A. Enoch treated him.

Webb was working on the giant machine and according to Robert F. Witt, of Fulton, who was working nearby apparently slipped while starting to step down from the machine. In doing so he evidently lost his balance and in an attempt to grab something to catch himself, shoved the long clutch lever forward.

The motor on the machine was in operation and when the clutch was engaged lurched and threw Webb to the front at the right corner of the machine. His right leg was caught on the moving machine and he was carried along with it.

It traveled several feet and smashed into a Ford pickup truck of Witt's which was parked on the drive, striking it on the right side and the right end of the rear bumper, smashing the right leg between the bumper end and the machine. The crashed knocked the truck on to the highway and it barely caught the right side of a 1955 Plymouth tudor sedan driven by Vera Reid, 18, of Smith-ton.

In the meantime, Witt who was

standing to the south of the big machine made a dash for it and was able to get contact with the clutch lever and bring the machine to a stop, probably saving the life of Webb.

The accident had no sooner occurred when Mrs. Anna Belle Corson, Ottumwa, arrived on the scene and parked her car. Seeing the blood spurting from the injured leg, Mrs. Corson asked a lady standing nearby for her head scarf. The lady obliged and Mrs. Corson immediately applied a tourniquet to stop the flow of blood. She remained with the man until the ambulance arrived.

Mrs. Corson is employed at the Town and Country Shoe Co., here in Sedalia and was enroute to her home when she came upon the accident.

Quick work began with a call to the operator from the Cafe' calling for an ambulance and police. The Ewing ambulance was dispatched to the scene and arrived just behind the police and they took charge and took Webb to the hospital.

There was no one in the Witt truck at the time.

With Miss Reid were her mother Mrs. J. R. Reid, and Mrs. William Bass also of Smithton. Only slight damage resulted to the right door and the right rear fender on the automobile. The occupants of the car were not injured.

Mrs. Bass paid tribute to Witt for his stopping the paving machine which is used to spread asphalt paving on Highway 50. She also praised the work of Mrs. Corson for applying the tourniquet to the severely lacerated leg of Webb.

Damages to the machine and two vehicles involved was only slight.

Two persons received minor injuries in a two car accident at 12:12 p.m. Wednesday at the intersection of Seventh and Warren.

Mrs. Mary Twyman, 17, 402 South Engineer, received a cracked rib on the left side. She was treated by Dr. R. A. Enoch. Also injured was Mrs. Margie Loucks, 21, Route 2, who received bruises on her right side, but there was no indication of a fracture. She was treated by Dr. Joseph W. Maunders.

Involved in the accident were a 1957 Ford driven north on Warren by Gay Keyte, Ionia, Mo., and a 1950 Chevrolet driven East on Seventh by Mrs. Twyman, 402 South Engineer.

The front and left side of the Ford were damaged, while the right front and rear of the Chevrolet were damaged.

San Francisco Set to Lose Art Collection

SAN FRANCISCO (AP) — Edward G. Robinson's ex-wife has disinherited San Francisco. She is going to give her valuable art collection to some other city.

"I wanted to leave the collection to the city I loved and I thought loved me," Gladys Robinson said Tuesday before driving to Los Angeles in her scarlet Ferrari sports car. "But I got the bums' rush and I probably never will come back."

The exhibition, containing 54 Renaissance, 19th-century French and contemporary French and Italian masterpieces, opened June 6 at the Palace of the Legion of Honor and runs through July 5.

She charged there was very little publicity, no catalogues and not enough excitement about the collection, which she values at more than a million dollars.

Also, none of the 14 trustees showed up at a pre-opening press party.

Ross Smith, assistant director of the Palace, said trustees never show up at those affairs. As for attendance, he remarked that nobody was breaking down the doors, but it was better than average — 1,500 last weekend.

Smith's boss, Thomas Carr Howe, vacationing at Santa Fe, N.M., said "The museum is distressed that Mrs. Robinson is displeased with her reception. I thought we had done the best we know how."

Portraits by Tiepolo and Tintoretto are included in the collection as well as Pissarro's "Harbor Scene" and Modigliani's "Boy in Green." Twenty paintings are by Giuseppe Gambino, a Sicilian protégé of Mrs. Robinson.

There also is a portrait of her—"Victoria in Red"—done by Capuletta, a modern Italian Salvador Dali.

Mrs. Robinson hinted she may give the collection to Philadelphia, the city of her birth. But she made no definite commitments.

GOP Committee Backs Bill on States Rights

WASHINGTON (AP) — The House Republican Policy Committee has endorsed a "states rights" bill, despite the opposition of Atty. Gen. William P. Rogers. The bill was drafted by Rep. Howard W. Smith, Virginia Democrat. It would declare that no act of Congress should supersede a state law unless Congress specifically states its intention of doing so, or unless there is a clear case of conflict between the two.

Overture In Wage Dispute Steel Makes

NEW YORK (AP)—The steel industry has made an overture—quickly rejected by the union—that the industry drop its insistence on a one-year wage freeze if the union would make specific concessions on other contract terms.

That leaves the United Steelworkers of America and the industry still deadlocked less than three weeks from a strike deadline.

The industry proposed eight contract changes which it said would increase efficiency and reduce waste.

R. Conrad Cooper, chief industry negotiator and executive vice president of the U.S. Steel Corp., said union acceptance of the proposals would "generate new economic progress which could be shared by the employees, the stockholders and the public."

Immediately after industry negotiators made the proposal Wednesday, USW President David J. McDonald turned it down and called it "industrial blackmail."

"If industry continues to insist upon this ill-conceived program," McDonald told newsmen, "such insistence can have but one purpose. That purpose is plain. For reasons of their own, the leaders of the industry want to force a shutdown in steel."

The three-year contract in the industry expires June 30. If no agreement on a new contract is reached by then, 500,000 union members will almost certainly strike in plants that produce 90 per cent of the nation's steel.

Contract negotiations, which have been held on and off since May 5, continue here today.

The union is demanding a substantial, but unspecified, wage increase; a cut in the 40-hour work week, and other benefits. Current basic wages average \$3.03 an hour.

Dismissed Minister In Serious Condition After Heart Attack

COLUMBUS, Ga. (AP)—A Presbyterian minister dismissed from his pulpit in a dispute having racial overtones is in serious condition today with a heart attack.

Doctors said the Rev. Robert B. McNeill suffered the attack Wednesday night as the result of "the pressure of the past few days."

The 44-year-old minister was dismissed as pastor of the First Presbyterian church here Sunday after months of dissension within the church.

The unrest began shortly after McNeill wrote an article for a magazine in which he advocated a "creative contact between leaders of both races" to ease the South's racial tensions.

Sunday, a judicial commission of the Southwest Georgia Presbytery removed McNeill as pastor.

The head of the commission, the Rev. Frank King of Valdosta, said the racial issue "has merely been used to trigger the explosion," and was not the major problem in the Columbus church.

"The present difficulty is deep and involved and has a history of several years standing," he said.

Future Missilemen Sworn In Wednesday

KANSAS CITY (AP)—Seventy-five young men from the Kansas City area were sworn into the Army Wednesday and officers said they eventually will be assigned to the Nike Hercules missile bases guarding Kansas City.

Lt. Col. Ralph L. Miller said the young men will receive eight weeks of basic training, probably at Ft. Leonard Wood, before reassignment to the missile sites for training with veteran troops.

Soldiers already trained for the duty are scheduled to begin arriving next month to activate the bases.

About Town

Dr. Russell Drenon and Dr. David Robinson have just returned from meetings in Memphis, Tenn. and Tulsa, Okla., sponsored by the Contact Lens Association for Optometry, an organization dedicated to education and research in the field of vision, particularly related to contact lenses.

Dr. Erving Filderman, nationally known contact lens and sub-normal vision specialist, presented one of his recent developments to help the near blind, which is a special contact lens used with a lens of high power in a small portion of regular glasses in such a way as to produce a telescopic system of lenses.

Dr. A. E. Reynolds who has devoted his time to research in the field of contact lenses, discussed the new developments that will be presented to optometry within the next few years along with improved techniques of fitting.

New York Hotel Raid Reveals Dice Tables

NEW YORK (AP)—A \$76-a-day suite in Manhattan's well-known New Yorker Hotel was raided by detectives Wednesday night.

Officers said they found forty-five men, laden with \$50,000 to \$70,000, busily engaged at dice tables; four "hostesses," who later were charged with loitering for prostitution; two bartenders providing refreshments for the guests, and the hotel detective, Samuel Cohen, acting as a lookout.

After the raid, made as the result of a tip, the 45 gamblers were booked on disorderly conduct charges. The hotel detective was named in a gambling count.

Police said they also confiscated seven pairs of crooked dice; gambling chips worth \$5 to \$500; and a burglar's kit which somebody tossed out a window as the raiders broke in.

Court Orders Jury Report On TV Sealed

NEW YORK (AP)—A General Sessions Court has ordered sealed the presentation of a grand jury after nearly nine months of inquiry into television quiz shows.

Judge Mitchell D. Schwartz Wednesday sealed and impounded the report handed up to him by the jury foreman, Louis M. Hacker.

Schwartz's only explanation was that his right to accept it had been challenged. He declined, however, to say who the challenging party was.

Hacker, former dean of the school of general studies at Columbia University, told Schwartz in a prepared statement:

"We have written a report on a matter that has attracted universal attention. At the same time it is affected with a large public interest."

"This is true for two reasons: First, charges of manipulation of quiz programs, have been made in the course of which large sums as prizes were received by those who participated in these frauds. Obviously, moral questions affecting society, if not legal ones, are involved here."

"Secondly, we have been mindful of that fact that we are facing the whole nation and not only the people of the county of New York because the quiz programs that have originated here have had a national audience."

Judge Schwartz, after his sealing order, gave the district attorney's office and other interested parties until June 26 to present arguments on why the report should be accepted. He refused to discuss the matter with newsmen.

No indication was given of what shows might have been involved in the presentation.

The grand jury inquiry resulted after contestants who appeared on "Dotto," "21," and "The \$64,000 Challenge" had charged irregularities on the shows. "Dotto" was dropped by both CBS and NBC last fall. Subsequently "21" and "The \$64,000 Challenge" left the air.

Three Children Burn To Death in Trailer Camp Refuse Burner

RAY, N.D. (AP)—Three children burned to death Wednesday in a trailer camp refuse burner into which they apparently crawled while at play.

The victims were Rodney Brenden, 5; his sister, Debra, 3; and Larry Dean Slater, 5.

Sheriff Leroy Lutz said investigation indicated either that the youngsters had set a fire in the metal cylinder with matches or that dying embers started the fatal blaze.

The children were missed about 10:30 a.m. and found about an hour later.

The incinerator, made of an old steam engine boiler, is about 12 feet high and three feet in diameter. A door opens in one side.

The burner is about a half block from the nearest trailer. It was a windy day, Lutz said, and cries couldn't have been heard. Parents of the dead children live in the trailer court.

Plan for Reducing Formosa Prostitutes

TAIPEI, Formosa (AP)—Mrs. Hsu Shih-hsien proposed to the Formosa Provincial Assembly Wednesday a novel plan for reducing the number of Formosa's prostitutes — let the government arrange marriages between them and retired servicemen. Gov. Chow Chi-jou rejected it. He said the servicemen might not consider the prostitutes ideal spouses, and the prostitutes might not be enthusiastic for marriage.

Someone Cut In PHOENIX, Ariz. — Mrs. Alice Chadwick told police she stepped out on the dance floor of a Phoenix night club with her \$1,500 mink stole tossed around her shoulders.

PLENTY OF TENSION—Pittsburgh (Pa.) Fire Department recruit Frank O'Connor makes a precarious rope descent at the department's new training school. As long as the men on the ground keep tension on the rope, O'Connor is safe. When he's ready, they'll ease up and he'll go down into the safety net.

Who Was He?

State Scientist Makes Important Discoveries

By State Historical Society of Missouri

This Missouri scientist, teacher, and U.S. Department of Agriculture economist made independent discoveries of scientific laws in their relation to wheat heredity and the mathematics of land fertilization, and he was foremost in the inauguration of farm management studies and the county agent agricultural plan. Who was he?

What was his background?

One of a family of 15 children, he was born on a farm in Lawrence County, Missouri, Oct. 23, 1863. He worked his way through the University of Missouri, interrupting his studies to teach at Pierce City (Missouri) Baptist College, 1884-85. He graduated from the University in 1886 and received the M.S. degree in 1889. He taught science in the Marshall (Missouri) public schools, 1886-87; the Cape Girardeau State Normal, 1887-89; Vincennes (Indiana) University, 1889-91; and Monmouth (Oregon) State Normal, 1891-94. He married Miss Mattie L. Ramsay of St. Louis, in 1889, and to them was born one son, Ramsay.

Where did he begin his scientific experimentation?

Because of the need for winter wheat in Washington, as professor of agriculture at Washington State College, Pullman, he conducted

experiments in wheat hybridization which resulted in the rediscovery of Mendel's law of recombination in 1901, and brought him to the attention of other American and of British scientists.

What was his work in the U.S. Department of Agriculture?

Because of his brilliant work in plant heredity he was named in 1902 agronomist in charge of grass and forage plant investigation in the U.S.D.A. He was appointed chief of the newly created office of farm management in the U.S. Bureau of Plant Industry in 1904. He was a foremost leader in the inauguration of farm demonstration work and the county agent plan and he developed and promoted the use of farm management surveys. He was chosen the first president of the American Farm Economics Association in 1910. As a result of friction with U.S. Secretary of Agriculture, David F. Houston, he resigned in 1918 to become associate editor of Farm Journal.

What was his later career?

He returned to the U.S.D.A. in 1921 as a consulting specialist and served in that capacity until his death in 1931. From 1921 he also served as professor of commercial geography at Georgetown University School of Foreign Service. It was said of him that to a very unusual degree he combined practical organizing ability

with a penetrating power of abstract reasoning.

What were some of his other achievements?

The discovery in 1920 of the mathematical form of the law of diminishing returns with relation to the measure of the use of fertilizer on farms again won him widespread acclaim. He devised

He Was Foremost in the Introduction of the County Agent Agricultural Plan

the dot-map method of presenting statistics graphically.

What did he accomplish as an author?

His writings, over 300 in number, range from popular articles for the farm press to technical mathematical treatises. Among his best known works are "Balancing the Farm Output," "Farm Science," and "Farm Grasses of the United States." He was joint author of "The Law of Diminishing Returns."

What was his name? William Jasper Spillman.

Ample Water, But Controls Are Needed

DOUGLAS, Wyo. (AP)—The Missouri Basin Inter-Agency Committee was told yesterday there is sufficient water to handle upper basin power and irrigation needs and lower basin navigation requirements.

But Maj. Gen. Keith R. Barney said it would cost about one billion dollars to construct a series of locks and dams to provide slack water navigation from the mouth of the Missouri River to Sioux City, Iowa.

Barney is Missouri division engineer for the Corps of Engineers at Omaha. He addressed a meeting of delegates from the basin's 10 states—Wyoming, Montana, Colorado, South Dakota, North Dakota, Minnesota, Missouri, Nebraska, Kansas and Iowa.

Govs. Joe Hickey of Wyoming, Herschel Loveless of Iowa and Ralph Herseth of South Dakota were present.

The committee scheduled its next meeting Aug. 13-14 at Helena, Mont. Before adjourning, the committee adopted a resolution that further consideration be given to the "adequacy of flow" study.

Herseth said the resolution contained stipulations that it would have no bearing on allocation of power or use of water.

He said the report indicated there is adequate power to serve upper and lower basin states. "But some of us disagree," Herseth said.

Barney said a 1932 study indicated the cost of 112 locks and dams necessary for water travel to Sioux City would be \$343,255,000.

About \$200,000 to \$300,000 would be required now for the army engineers to conduct a cost survey of a proposed slack-water navigation system, Barney said. It would take about 3 to 4 years.

Missouri river navigation is growing rapidly each year and work is under way to deepen the channel between Sioux City and Omaha. A series of revetments and banks to provide a 9-foot

Captain, Crew Saved From Sinking Ship

HALIFAX (AP)—The captain and seven crew members of the British freighter Claudette V were rescued today after the ship began to sink 40 miles south of Newfoundland. A Royal Canadian Air Force search and rescue spokesman said that the last report received here indicated that the timber carrier was still afloat and the rescue ship Fauvette was attempting to salvage her.

deep channel in under consideration.

Barney said the channel is not now deep enough between Omaha and Sioux City to be practical for navigation.

New industry has been attracted to the Missouri River basin area by the cheaper transportation provided by open-water navigation on the river, Barney said.

Dalai Lama Marks His 24th Birthday

NEW DELHI, India (AP)—The Dalai Lama, refugee ruler of Tibet, was 24 years old today. The living Buddha who fled his country in mid-March during a revolt against the Chinese Communist overlord, spent most of the day at prayer in Mussoorie, the hill-top resort in north India where he has taken refuge.

Sedalia Lions Hear Legislative Report

The Sedalia Lions Club heard a report on the Missouri State Legislature from Representative Milt Overstreet, a member of the club, at its regular noon day meeting held at Bothwell Hotel, Wednesday. Overstreet summarized the recent session of the Legislature for the local members.

In his talk he told of the trying times and meetings during the session in drafting bills to meet the anticipated 33-million dollar budget requested by Governor Blair, only to have changes made when these bills were referred to the Senate.

Overstreet told of the 40-million dollar postwar fund which has already been depleted, and the continued call of more money

Jones Goes Along With Wheat Measure

WASHINGTON (AP) — Rep. Paul C. Jones (D-Mo.) says he will go along with a wheat bill approved by the House Agriculture Committee, of which he is a member.

In a newsletter to constituents Wednesday, Jones said House action on the bill and the several substitute bills "will determine to a large extent what will be done with other commodities."

He said he wasn't optimistic about any bill being passed.

Hennings Pushes For Surplus Food Action

WASHINGTON (AP) — Sen. Thomas C. Hennings Jr. (D-Mo.) is pushing for action on giving more surplus food to the needy.

In a statement to a Senate agriculture subcommittee Wednesday Hennings urged approval of legislation to help the hungry.

He is author of a bill to establish a national food stamp plan for surplus commodities, and is co-sponsor of two other bills on the subject.

Chiropractor Joins Health Center Staff

Dr. J. W. Bryden, director of the Sedalia Chiropractic Health Center, announced today that M. D. Wedel, D.C., is now associated with the Health Center. The addition of Dr. Wedel to the staff will add to the clinical and laboratory facilities now available.

The association will provide ready consultation on problem cases for both doctors. It will also make each patient's case record file and X-rays available to either doctor so that in the event of the absence of one of the doctors the other will be able to carry on having the patient's past history and treatment records for his immediate use.

The Health Center has recently undergone considerable remodeling and redecorating to facilitate the addition to the staff. The expansion has necessitated the purchasing of additional new laboratory and treatment equipment.

Dr. Bryden said that further expansion of the Chiropractic Health Center is being planned with the ultimate goal being the building of a new brick unit to replace the frame building it now occupies.

Dr. Wedel received his A.B. degree in natural science from Bethel College at Newton, Kan., with a minor in both physical and secondary education. Dr. Wedel did graduate work at Fort Hays State College, majoring in chemistry. He has also completed additional credits in secondary education at Kansas City University.

He received his D.C. degree from the Cleveland Chiropractic College of Kansas City on completion of the required four-year resident course of study. Due to his major in chemistry, Dr. Wedel was selected to be assistant professor of chemistry while attending Cleveland College. While practicing in Kansas City, he was associated with Dr. Roger Taylor, director of Clinical, Analytical and Bacteriological Laboratory, where he did advance work in the bacteriological studies while researching the effects of chiropractic adjustments on the body chemistry.

With Dr. Wedel are his wife,

Youths Sentenced For Gang Fight Which Never Took Place

LIBERTY, Mo. (AP) — A gang fight that never took place resulted in jail sentences yesterday for five youths.

They were arrested south of Smithville, Mo., April 22 and convicted under a rarely-used state law prohibiting unlawful assembly.

The five allegedly were on the way to battle a Smithville gang after a week of friction between the two groups.

Carl Chaney, 17, Turney, Mo.; Vernon W. Peterson, 17, and Leeland Ayers, 20, of Lathrop, Mo., received 30 day terms. Ralph Devers, 19, and Richard Horn, 18, Lathrop, accepted the magistrate's offer of getting off with two weeks in jail by paying \$100 fines.

Sandy, and two children, Dwight Allen, 5, and Annette Louise, 3.

He was physical education director and coach at Nashville, Kan., in 1949, Hanston, Kan., 1950-51, Gorham, Kan., 1952-53-54, and mathematics instructor in the Shawnee-Mission School System in 1955-56-57-58.

Dr. Wedel has been very active in sports, being a registered Kansas sports official and intends to continue his sport activities here in Missouri. Another of his hobbies is that of refinishing wood.

Teenage Wife Of AF Officer Is Killed

DURANGO, Colo. (AP) — The teen-age wife of a member of the first graduating class at the Air Force Academy was killed Wednesday in a car accident near this southwestern Colorado city.

Barbara Ann Barnwell, 18, of Denver, was dead when officers arrived. Driver of the auto was her husband, Lt. Lee Barnwell, 23, of Greenville, S.C. Their sports car struck a culvert and overturned.

Patrolman Herbert Luoma said Barbara was dead when he arrived at the scene. Passers-by were tending to her husband.

"I'm O.K.," he told the officer. "She's in good hands," Luoma replied.

Barnwell didn't learn until several hours later, in Mercy Hospital here, that his bride of six days died in the crash.

For four months before Barnwell's graduation, he had been confined to the academy grounds near Colorado Springs for breaking regulations on operating a personal car.

Barnwell was punished for driving a personal auto to Denver in order to see his fiancée after a minor operation.

The operation was shortly after they had met in the academy chapel.

"He took pity on a little girl with a broken foot," Barbara said last week. "I never believed in love at first sight until then, but I do now."

She suffered the fractured foot in a skiing accident. The operation was to correct the injury.

Her fiancé was at her side as she came out from under the anesthetic. He did not tell her he had broken academy rules about driving a car so he could be with her when she needed him.

He didn't see her again until graduation day. They were married the next day in Denver.

"I would stand on a hill and wave my handkerchief at him," Barbara said on the eve of the wedding. "He used a pair of binoculars to see me. Those were our dates."

Barbara took home in April that

Missing Girl Returns Home After Appeal

SANTA BARBARA, Calif. (AP) — "Everyone has been so wonderful," the wildly happy mother sobbed. "We just can't thank them enough."

Her 19-year-old daughter, Linda Millar, was returning home after a 10-day disappearance climaxed by her father's written appeal to return, distributed to newspapers, radio and TV.

Her parents are mystery writers Kenneth and Margaret Millar.

The bride-to-be wired Hussein in Chicago, explaining her plight. He expressed sympathy for the young couple's cause, but was unable to return.

She is the couple's only child. The tall, dark-haired girl is an honor student at the University of California.

A psychiatrist who treated her recently said Linda is haunted by a feeling of guilt—she has been on probation since she killed an 11-year-old boy with her car three years ago.

Armand Girola, a private detective hired by the family, said the girl spent 10 days wandering aimlessly around Reno and northern California gambling resorts. She "just wasn't herself," he added.

He said the girl read the father's appeal and telephoned her mother. The father contacted Girola, who picked up the girl in Reno Tuesday night.

Girola said she was alone, and was overwrought with fears about repercussions at school and at home.

Denver Youth Wins U. S. Spelling Bee

WASHINGTON (AP)—Joel Montgomery, 12, of Denver, Colo., today won the 32nd annual National Spelling Bee.

He defeated runner-up Robert Crossley, 12, of Center Square, Pa., to become the first boy national champion since 1954.

Joel successfully spelled the word "fanfaronade" after Robert missed it. Then under the rules he successfully negotiated one more word, "catamaran" to clinch the championship.

"Fanfaronade" means swaggering or vain boasting. A "catamaran" is any vessel with twin hulls side by side.

The last boy to win top honors was William Cashore of Norris-town, Pa.

The winner gets \$1,000, a week-end trip to New York, a trophy and a plaque for his school. All the finalists get at least \$25 awards.

A boy also finished in third place. The last to be eliminated before the contest settled down into a two-way bee was Allan Lee Kramer, 13, of Lake Worth, Fla.

He misspelled "ratiocination," placing an "s" where "c" should be. Allan Lee thus went out on the 13th round of the morning and the 24th of the two-day bee. His stumbling block word means reasoning or exact thinking.

Robert and Joel gave each other leases on life in the boy-for-boy duel. To win, the speller must correct any mistake of his rival and then spell correctly an entirely different word.

On his fifth word in the show-down Robert spelled "suscursus," meaning a whispering sound, as "suscursus." Joel got that one right but then failed on "vinaigrous," which means sour tempered. He came up with "vinegrous."

Robert then had his chance to go ahead but he missed out by making it "vinagrous."

The combination of errors put them back on an even footing.

Today's first round knocked out 14-year-old Jeanette McGhee of Jackson, Ohio. It also produced a dispute over instructions from a judge.

'S' Club to Conduct An Ice Cream Social

Accidents

No injuries were received in a three car accident at 5:09 p.m. Wednesday in the 400 block on South Lamine.

All three cars involved were going south. They were: a 1955 Buick, driven by Mary Lou Beaman, 813 East Sixth; a 1955 Ford, driven by Paul Alexander Morgan, 1306 South Quincy; and a 1953 Plymouth, driven by George E. LeBeque, 201 East 26th.

According to the police report, the Ford was stopped behind three other cars in the line of traffic when it was hit from the rear. The driver of the Plymouth stated he saw the stopped cars, but that his brakes failed.

Damage resulted to the rear bumper of the Buick, front and rear ends of the Ford, and front end of the Plymouth.

That Was Too Much!

DETROIT (AP)—It was hot, and Mrs. Mary Ross, 29, said she wouldn't have minded if the shapely young woman who took a dip in the Ross swimming pool had used her own suit. But she called police when she found that the stranger who leaped from the pool at her approach and snatched up her clothes had fled wearing Mrs. Ross' \$20 bathing suit.

Police Reports

Officers Williams and Cox, sharpshooters, were called to 709 West Fifth, where owls were reported in the back yard. The officers downed six of the birds, at 6:40 p.m. Wednesday.

Two boys, both juveniles, were reported on top of Horace Mann school at 7 p.m. They were taken home by the officers.

A man's bicycle, red and white, was reported stolen from the rear of the Friendly Tavern, at 7:02 p.m. Wednesday. Finder has been requested to call Claude Howard, 645 East 19th.

Police were called to the DeJarnette addition, where boys were reported racing small cars on the streets. They were gone when the officers arrived at 8 p.m. Wednesday.

The green traffic light was reported out at Main and Ohio at 10:15 p.m. Wednesday. The Missouri Public Service Co. was notified.

A Schwinn bicycle was found at the Little League stadium at Liberty Park by Lloyd R. Black, park superintendent, at 11:30 p.m. Wednesday and locked up.

Police Court

C. R. Clark, Sedalia, charged with parking on the wrong side of the street, forfeited his \$2 cash bond.

Six overtime parkers who failed to appear in court forfeited their \$1 cash bonds, and 59 others paid the 25-cent fee.

Elden A. Kimball, Hale, charged with parking on Ohio between 2 and 5 p.m., forfeited his \$2 cash bond.

Gary Lee Keyte, Ionia, and Mary Twyman, 402 South Engineer, both charged with careless and reckless driving in connection with an accident at Seventh

Negro Wins An Ovation From Pupils

FLINT, Mich. (AP)—Dr. Alvin Loving, a Negro educator, whose invitation as commencement speaker first was rescinded under racial pressure and then reinstated after protests from high school pupils and teachers, was given a

standing ovation as he stepped to the rostrum Wednesday night.

The class valedictorian discarded her prepared speech and, in tears, praised fellow seniors for their stand.

Loving, a faculty member of the University of Michigan's Flint branch, spoke to the 61 graduates of the all-white Flint Dye High School after the school board rescinded an earlier cancellation of his appearance.

The board first had bowed to pressure from citizens who objected to Loving as a speaker "because he is a Negro," said Glen Hutchins, a school trustee in the all-white suburb of Flint Township.

The board voted unanimously to reverse itself.

There was no incident as Loving stepped to the platform. Instead he was greeted by an ovation from the 1,000 persons at the commencement exercises.

Loving said "nowhere but in America is it possible for one to receive a reception like I received tonight."

Blonde Beverly Newton discarded

her valedictory address. Instead, spending hardly more than a tearful minute on the stage, Beverly told her fellow graduates: "I think we've all learned more than we realize and will remember it the rest of our lives."

Keglers

(Continued from Page 1)

Brown, well known Sedalia attorney, and George Thompson, principal of Horace Mann school, perform some outlandish stunts, which helped net \$700 for the Crippled Children's Center. Brown, among other things, was asked to push a ball down an alley with his nose and knock down the head pin. He accomplished the feat — blindfolded once and with the aid of his vision another time — in helping the program's success. Thompson, the ping-pong king-pin of Sedalia, kept the alleys hot by paddling the 16 pound bowling balls toward the pins for strikes.

Another stunt which brought in a generous contribution was the superb clutch performance of Mrs. Charles Van Dyne, wife of the vice-president of Adco, Inc. A viewer pledged \$2 for every pin she downed with one ball and she made the contributor pay in full with a perfect strike.

Matter of FACT

When Thomas Jefferson completed his second term as president in 1809, he began one of the most ambitious efforts of his life: the establishment of a university which would live up to his ideals. The University of Virginia resulted from his efforts, but he was so short of money that he had to sell his fine library to Congress. Later a public subscription was taken for his benefit. He died July 4, 1826, almost penniless.

Sonny Myer Amusement Group Here

The Sonny Myer Amusement group, sponsored by the American Legion Post 16, arrived in Sedalia Monday and set up operations opposite Liberty Park on Park Ave. Monday night was the first official opening of the show in Sedalia.

The amusement show consists of eight rides for all age groups, plus several concession stands. Members of the Legion Post take care of all tickets sold.

Of the rides at the show, the Little Dipper, a miniature roller coaster, is the newest in its field. Other rides are, a ferris wheel, tilt-a-whirl, two merry-go-rounds and an attraction which is equipped with "flying saucers," being similar to a merry-go-round.

The amusement organization has its winter quarters in St. Joseph, Mo.

Co-owners of the organization are Sonny Myers, Ted Dillard and Bill Dillard.

According to information received from the latter, the organization sponsors strictly amusement, no side-shows. He said all equipment is approved and insured according to the latest safety standards for amusement equipment.

The show is making its eighth annual tour of six Midwestern states, and in those eight years, Dillard reported, they have not experienced a single accident with their equipment.

The shows, which run from 7 p.m. until about 11 p.m. each night, closes Saturday, June 13, on which night a special kiddie night will be held, with all rides being offered at cut prices.

Alley Cat Becomes A Feline Heroine

CUPERTINO, Calif. (AP) — Mom, an alley cat who turned up at the Pattison home a couple of years ago and stayed on, has become a feline heroine.

She's been bringing an occasional rabbit or gopher—dead, of course—and placing it at the feet of Shawn Pattison, 4.

Wednesday, Shawn heard a rattle while playing in his driveway. He ran to his mother, Clair Pattison.

Mrs. Pattison looked where Shawn pointed. There was Mom, staring at a snake. For five minutes, or so it seemed, Mom toyed with the snake.

Then Mom lunged, grabbed the snake behind the head, shook it violently, and chomped until it ceased to wriggle.

Mrs. Pattison measured the reptile at 16 inches and said it had three rattles.

*Lorene Saylor
Larry Lynn
Recently Wed*

Miss Lorene Saylor, daughter of Mr. and Mrs. Cecil Saylor, was united in marriage to Mr. Larry Lynn, son of Mr. and Mrs. John Hollis, Waverly, Saturday evening at eight o'clock, at the New Salem Baptist Church, Marshall Junction. Rev. Woodrow Holzschuh, pastor of the church, performed the double ring ceremony in the presence of the immediate families of the couple and a few relatives and close friends. Large baskets of pink and white gladiolus, lilies and roses made a lovely background for the occasion.

Preceding the ceremony, Mrs. Grover Meeker, church organist, played a medley of appropriate music during which Linda and Carol Saylor, cousins of the bride, lighted the candles.

Miss Edna Mae Saylor, sister of the bride, served as bridesmaid.

The bride wore a white sheer street-length dress with pink accessories and a corsage of pink rosebuds. Her attendant wore a pink dress with white accessories and a corsage of white carnations. Both young ladies wore small white hats.

Immediately following the wedding, a reception was held in the church basement with Mrs. Wilson Gorrell, Blackburn, Mrs. Eldred Lange, Sweet Springs, and Mrs. Virgil Saylor serving the punch and wedding cake.

Miss Saylor is a graduate of Marshall High School with the class of 1955. The groom is a graduate of the Waverly High School with the 1956 class. The couple will live in Kansas City where both are employed.

Chiefs Coast To the Fourth Straight Win

The Sedalia Chiefs coasted to their fourth consecutive victory in the Western Division of the Central Missouri Baseball League Wednesday night by blasting Tipton, 14-3, in a game played at Tipton. The Sedalians are leading the league, with Marshall running second.

Tipton took a 1-0 lead in the first inning, but the Sedalians tied it at 1-1 in the top of the second. Tipton again took the lead, 2-1, in the bottom of the second, but the locals tied it up with another run in the first of the third. A four run blast in the fourth put the Chiefs ahead for keeps. They scored in every inning except the first and ninth.

Gary Smith picked up his first win of the season for the Chiefs. He pitched five innings before being relieved by Vernon Ditton, a smooth lefthander. Smith struck out seven, walked two and gave up three hits. In four innings, Ditton struck out four, walked five and allowed only one hit. Dennis Thompson hurled seven innings for Tipton before giving way to Jerry Pace. Thirteen errors kept the Tipton moundmen in hot water throughout the contest.

Gary Wilcliff was the leading Sedalia hitter, enjoying a perfect 4-for-4 night. Hits by Wilcliff included two triples and two doubles. Thompson had a triple and a single to lead Tipton.

Tipton's next game will be against Richmond at Tipton. Sedalia . . . 011 411 330-14 6 3 Tipton . . . 110 001 000-3 4 13

Boxing Figures Before Jury In Hoodlum Probe

SAN FRANCISCO (AP) — Boxing figures appear before the federal grand jury in Los Angeles on June 23 as part of a three-pronged investigation of hoodlum influence in the sport.

In rapid-fire developments Wednesday, the California Athletic Commission (1) heard a manager's report that he and heavy-weight Reuben Vargas had been threatened with death, and (2) suspended the licenses of Manager Sam Boardman and his boxing son, Larry.

At Los Angeles, Police Chief William H. Parker reported boxing promoter Jackie Leonard wasn't slugged by hoodlums on June 3 but had blacked out in a fall.

But Leonard is standing by his story that he was hit. "It's the only thing I can say," Leonard told newsmen. "In my mind, I was hit from behind as I closed my garage door, and hit again as I was down on my knees."

Last month Leonard told the commission that underworld characters Frank Carbo and Frank (Blinky) Palermo were trying to muscle in on the contract of welterweight champion Don Jordan of Los Angeles.

Local, state and federal agencies are cooperating in investigating the boxing situation.

Bert Brodese of San Francisco, co-manager of Vargas, said a mysterious telephone caller last Feb. 10 said a contract for a return fight with Tony Anthony was being sent and:

"You'd better sign for that rematch or you'll find that bum (Vargas) and you both floating down the East River."

Brodese said he received no such contract.

Braves Lose Last Seven Of 12 Games

By ED WILKS
Associated Press Sports Writer

For all their pitching depth, maybe Milwaukee's Braves made a mistake when they ended Gene Conley's rebellion by peddling the right-hander to Philadelphia.

They've lost seven of their last 12 games, with only three complete games from their staff in that span. And Wednesday night they lost their second in a row, 5-2 at St. Louis, reducing their National League lead to one game while Conley was beating Los Angeles 2-1 with a four-hitter.

Conley, who was peddled after an 0-6 season because he refused to quit his winter job with professional basketball's champion Boston Celtics, has lost as many as he's won (3-3), but that's not bad for a pitcher with a last place club.

While the Braves continued to stumble, second place San Francisco closed in with an 11-7 victory at Pittsburgh. Cincinnati defeated the Chicago Cubs 6-4.

In the American League, Rocky Colavito tied a major league record with four home runs in one game for Cleveland as the Indians knocked Baltimore out of a tie for first, 11-8. The Chicago White Sox resumed full command with a 4-1 victory at Washington. New York beat Kansas City 6-4 and Detroit defeated Boston 10-9.

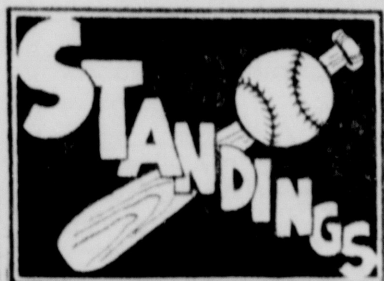

Conley gave up nothing but singles, walked only one and struck out two in a duel with loser Danny McDevitt (3-6) and Clem Labine. The Dodgers scored in the fourth when Junior Gilliam singled and came around on Wally Moon's single and a doubleplay.

The Braves scored in the first two innings on home runs by Hank Aaron (16) and Del Crandall (8), but the Cards came from behind for three unearned runs in the fifth on an error. Manager Solly Hemus' pinch double and two-out batters by Gino Cimoli and Bill White. Bob Rush (4-2) was the loser.

Alex Kellner (2-1) was the winner with Lindy McDaniel's relief help over the last four frames.

Willie Kirkland and Orlando Cepeda homered for the Giants, who cracked six Pirate pitchers for 19 hits. Winless George Witt lost his fifth Sam Jones (7-5) won his fourth in a row, but needed Stu Miller's relief help in a five-run seventh.

Solo homers by Roy McMillan and Frank Robinson in the last two innings clinched it for the Reds. Bob Purkey (6-7), beat the Cubs for the first time since 1955. He allowed only four hits, but gave way to reliever Orlando Pena because of a blistered finger in the eighth. Glen Hobbie (6-6) was the loser for the Cubs, who scored on two-run homers by Sammy Taylor, in the fifth, and Ernie Banks, who hit his 15th in the ninth.

Too Many Factors In Open Golf

MAMARONECK, N.Y. (AP)—Trying to pick the winner of the 59th National Open Golf Championship starting today is as useless as trying to hit a gnat with a peashooter.

There are so many unpredictable factors involved in the 106-man field that such an able and neutral observer as Jimmy Demaret said the 72-hole championship offers the greatest opportunity for an amateur victory since Bobby Jones stumbled in to tie Al Espinosa 36 years ago, then dethroned his pro rival in a 36-hole playoff.

Jones also won the next year en route to his Grand Slam of taking the British and U.S. Open and amateur titles. Since then only one amateur, Johnny Goodman in 1933, has won the Open crown.

No one, least of all dapper Demaret, really expects an amateur to win.

"But I look for an amateur to be in there with a chance to win when they start the final round Saturday," Demaret said. Demaret chose not to compete this year.

"Of course, man against man, you can't pick anyone to beat Hogan and Snead," he said. But Charlie Coe (U.S. amateur champion) is one of the best golfers in the world. And Deane Beman (British amateur titleholder) and Bill Hyndman (runnerup to Beman) are good golfers. They play as much golf as the pros—more than I do—so what's the difference?"

There's the weather, hot and humid, ailments afflicting several star players, and the tightly trapped, 6,873-yard, par-70 Winged Foot west course, which has permitted some amazing scores in practice round.

It could be the year when someone smashes Hogan's 11-year-old championship record of 276 or one when a 283 or 284 score is good enough to take the \$10,000 first prize.

Coe, had a 65 on the west course Wednesday but called it a freak round in which he was playing badly and driving far out into the rough.

Gene Littler, a favorite of many, had a 66, which he said was his only good score in three days here. Sam Snead has clipped 12 strokes off par in six practice rounds.

Some of the other players who have drawn special attention include Mike Souchak, a former assistant to Winged Foot pro Claude Harmon, who know the west course very well; Don Whit, who has been a hot streak lately; 1952-champion Julius Boros, whose

Athletics' Bench Strength Evolves Around Williams

On Dec. 2, 1958, the Kansas City Athletics made a trade with the Baltimore Orioles in which Dick Williams came to the A's in exchange for Chico Carrasquel, a shortstop. From that date on the Athletics have professed that the ball club would be a better unit because of greater bench strength which, to a major degree, evolved around the versatility of Williams. He plays either in the infield or outfield.

Then on May 21 the A's suffered their first serious physical setback when Roger Maris left the lineup after an emergency appendectomy. On that date the A's had won 15, lost 17, but the chances of holding on around the 500 mark appeared slim. Then five days later the second big bat in the lineup went out because of an injury. On May 26 Bob Cerv was shelved with a water on the knee condition. The future looked black.

Maris and Cerv had contributed a total of 55 runs batted-in, the one-two punch in the A's lineup. Maris was hitting .328, Cerv .279.

But several men stepped into the breach and their play has led the A's to a .500 mark as of departure time for the east on June 8th.

Dick Williams has played at both third base and in left field. His bat has been hot—25 hits, 9 of them doubles, 1 home run, 13 runs driven in and a batting mark of .410.

Joe DeMaestri, a shortstop whose reputation has been built on defense, has hit .315 with 17 hits and 10 RBIs. He has hit two home runs.

"Whitey" Herzog has been the right fielder every day, has been on base 34 times with 16 walks and 18 hits and has driven in 4 runs.

Bill Tuttle has upped his pace skill at playing out of deep traps should count; two-time champion Cary Middlecoff and the defender, Tommy Bolt.

Senators Sign Hurler Brockbauer

WASHINGTON (AP) — The Washington Senators today announced signing pitcher Fred Brockbauer of the University of Minnesota for a bonus — reportedly \$30,000. Brockbauer, a 21-year-old right-hander, was assigned to Washington's Fox Cities, Wis., farm team in the Class B Three-Eye League.

Erich Raeder, former admiral in Hitler's navy, was convicted as a war criminal in the Nuremberg trials. But, he was awarded a monthly pension of about \$350 per month.

Racing Fans Consistent In Picking Stock Car Winners

Fans of the Central Missouri Racing Association have found in the past that they could pick a driver who was fairly consistent in winning the big money of the feature races. "Not so this season," say those who have watched the hottest modified stocks in the midwest run every Saturday night at Sedalia's Thunderbowl Speedway.

Five drivers have dominated activity in the CMRA most of the year, but they've had to fight off the challenges of a half-dozen other top flight competitors to maintain their positions.

Ken Taylor of Slater, Walter Sorrels of Columbia, the Hibbard brothers — Russ and Roy — of Marshall, and Torch Aleshire of Moberly are proving to be the big men in the CMRA. Taylor leads the pack, but he's being pressed hard in the all-out battle for the championship. All of these drivers — plus at least 20 more of the top modified pilots from throughout Missouri — are expected to be on hand for Saturday night's

races in Sedalia's Thunderbowl Speedway, located four miles southwest of the city limits on the Clinton Road — officially known as Route B.

Six new claim cars — all Sedalia owned and driven — are ready to make their debut, also on Saturday night.

Last Saturday's races, the most thrilling and expertly driven of the year, were viewed by over 1,000 fans. Walter Sorrels of Columbia, pushing a Pontiac powered modified, bested the field in the feature. Sorrels drove a perfect race in chalking up the triumph. If he had made one mistake — gone into a turn high — either of the Hibbard brothers or Ken Taylor could have copped the checkered flag.

Last Sunday night at Sportsman's Speedway in Marshall, the drivers of the CMRA staged one of the most sensational battles ever seen on a quarter-mile dirt oval. For 25 laps, Taylor, Aleshire, Sorrels and the two Hibbards drove tire-to-tire at wide open throttle and when it was all over it took a judge's decision to determine that Taylor had clipped Aleshire by a precious few inches. Not two car lengths separated the first and fifth place cars.

These same cars, the same drivers and the same thrills will be watched by area racing fans at the Thunderbowl Speedway Saturday night.

Anderson's Wins Over Browns Auto

Tim Morgan hurled a five hit, 6-3, victory for Anderson's Air Conditioning against Brown's Auto Supply, and McCown's Auto Salvage continued undefeated by blasting the Phillips 66 Oilers, 14-3, in games played in the Sedalia Optimist Club's Babe Ruth League at Liberty Park Wednesday night.

Morgan, showing an excellent variety of pitches, baffled Brown's without a base hit through the first four innings. He fanned 14 and walked only two in the seven inning contest.

Anderson's took a 4-0 lead in the first three innings on four hits and two walks. Gibson's triple was the big blow of the attack. Johnson hurled for Brown's and yielded only five hits. He struck out seven and walked eight.

In the nightcap, McCown's piled up five runs in the first inning and coasted to their fourth victory without a loss. Lonnie Schott went the route for the victors, allowing only two hits. He struck out seven and walked three in the five inning contest.

Dowdy started for Phillips and suffered the loss. The Phillips pitchers struck out only three McCown batters and gave up eight hits and nine walks. Schott led his own attack with two singles and a double in three trips to the plate for McCown's. Holt and Dowdy got the only hits for Phillips. Dowdy blasted a triple to right center and later scored on an error in the fourth inning for Phillips.

Jockey Lives; Has Too Much To Live For

INGLEWOOD, Calif. (AP) — "They can't kill me; I've got too much to live for — a beautiful wife, three great kids and a lot of fine friends."

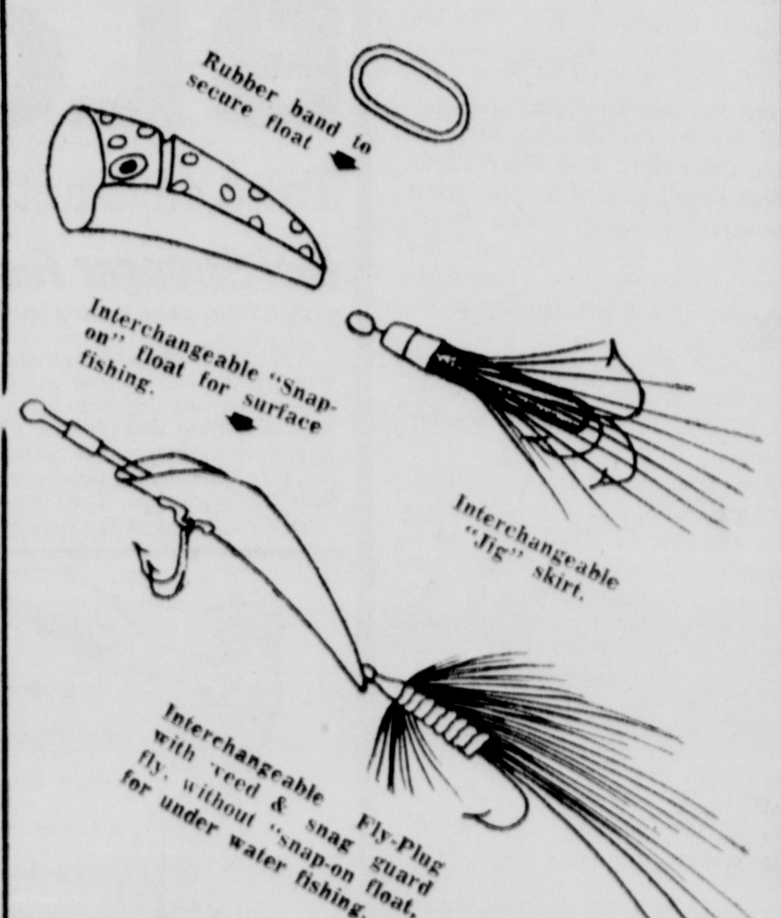

So said Ralph Neves, one of the nation's top jockeys, as he quit Centinela Hospital Wednesday for his home in Arcadia to recuperate from injuries that almost cost his life May 30 at Hollywood Park.

Neves, known as the "Portuguese peppercorn," has been riding thoroughbreds for 25 years, and he probably has had more accidents than any topflight jockey in that time.

Once a doctor pronounced him dead. His horse, Fannikins, crossed her legs in the middle of the pack during a race May 9, 1956. Down she went with Neves under her. They carried Neves on a stretcher into the track hospital. A doctor found no evidence of life in Neves' still body, but as a routine precaution he injected adrenalin. That was all needed to revive the tiny spark of life, and in a few minutes Neves was on his feet.

The following day he brought in four winners.

Scientist Looks For Easy Way Through

BIRMINGHAM, Ala. (AP)—A Navy research scientist wants to dig the deepest hole ever dug. Where? He doesn't know. He is looking for an easy way through the earth's crust.

Dr. Gordon G. Lill, head of the geophysics branch of the Office of Naval Research, says a lot of scientists are excited about the hole he wants to drill, perhaps 6 miles deep.

Lill's project is known as the Moho Project. Simply explained, he wants to drill as deep into the earth as possible for samples of natural history not now available. Lill is among scientists attending the "Undiscovered Earth" conference of the Southern Research Institute.

The Moho Project will cost between 10 and 15 million dollars.

Lill wants a sample of 1,000 feet of mantle beneath the earth's crust. He believes this will answer many questions of the earth's origin.

For instance: Have the oceans always existed? Are the continents actually floating or shifting?

Wouldn't Go Home; Wife Gets Divorce

LOS ANGELES (AP)—Actor Jack Beutel's wife got a divorce Wednesday after testifying her husband "no longer wished to be married."

Gloria Bailey Beutel, 29, added: "He would go away with his friends and wouldn't come in until 2 or 3 a.m. He wouldn't tell me where he'd been."

She said Beutel, 39, locked her out of their home more than once. Mrs. Beutel was awarded custody of the couple's 11-year-old daughter, alimony equal to 25 percent of Beutel's net income and \$125 monthly child support.

The couple was married 12 ago.

Matter of FACT

The old city of Belgrade, Yugoslavia, built around the white castle that gave the city its name (from the Serbian word "beograd," meaning white castle), stood on a high bluff overlooking the Danube and Sava rivers. From this point an army can control the approach to the Balkans from the north, as well as the traffic on the two rivers. Consequently, in history, the city has changed hands repeatedly.

New Law Allows Credit For Time in Hospital

JEFFERSON CITY (AP)—A bill sponsored by a special House-Senate committee on penal problems was signed into law by Gov. James T. Blair yesterday.

It will allow a prisoner transferred to a mental hospital to count the time spent in the hospital as part of his prison sentence.

In some cases prisoners have spent years in the criminal ward at State Hospital No. 1 in Fulton, only to find on recovering their mental health that they must return to the penitentiary to complete their original sentences.

Begin Show-Down Talks

Prospects of Labor Action This Session Rises Sharply

WASHINGTON (AP)—Prospects of House action on labor control legislation this session rose sharply today as the House Labor Committee began show-down sessions behind closed doors.

House leaders, reflecting new optimism, appeared convinced a bill of some kind now will come out of committee despite the "for-lorn hopes" accorded its chances earlier.

After weeks of hearings, the committee faced the difficult task of reconciling clashing and widely divergent views among its members. These ranged from no legislation at all to enactment of rigid restrictions on union operations.

Chairman Graham A. Barden (D-NC) said, however, he expects a compromise will be worked out enabling the House to debate the first major labor bill to reach the floor since passage of the Taft-Hartley act a decade ago.

But whatever bill the committee recommends could be just a convenient starting point for a floor fight. Many Republicans and Democrats alike expect the final decisions to be made in a legislative free-for-all.

One of the factors which increased chances of House action was a surprise switch by James R. Hoffa's Teamsters union from its earlier stand against enactment of any labor legislation.

Spokesmen for the Teamsters told the committee on Tuesday they not only favor legislative action, but volunteered their own version of a labor "bill of rights."

As a further conciliatory gesture, the Teamsters agreed to send to the committee by next Monday a draft of their own idea of a bill.

Committee sources said they saw little chance the House would accept the bill passed by the Senate April 25 after inclusion of a "bill of rights" for union members.

They indicated the House might follow closely the bill originally introduced by Sens. John F. Kennedy (D-Mass.) and Sam J. Ervin (D-NC), to which the Senate attached the bill of rights and other amendments.

The eventual House committee version was expected to drop many of the criminal penalties provided in the Senate measure, and soften the bill of rights provisions. It also would omit many Taft-Hartley revisions desired by business such as bans against secondary boycotts and jurisdictional picketing. The Senate re-

jected efforts to add these to its bill.

Sen. John L. McClellan (D-Ark), chairman of the Senate investigating committee and author of the bill of rights written into the Senate bill, was the final witness before the House committee Wednesday.

He said he preferred an even stronger bill than that passed by the Senate, and called the bill of rights section "one of the most vital parts of the bill."

"You are not going to stop Hoffa

In Furniture Market

OKLAHOMA CITY (AP)—Air Force Capt. George F. Miller learned Wednesday he's in the market for new furniture—for the second time in two years.

The Millers lost their furniture two years ago when the moving van was wrecked and burned en route to Palm Beach Air Force Base in Florida.

Wednesday the couple arrived at Tinker Air Force Base here and Miller reported to the base. "Captain," a secretary said, "the van bringing your furniture had a wreck and burned. It was a total loss."

by a pious code of ethics," he said.

If Congress hasn't the courage to enact a labor bill this year, "then God save the country," McClellan declared.

Squeezing Hands Save Life of Miami Dentist

MIAMI, Fla. (AP)—For almost 2½ hours human hands squeezed and released the failing heart of a Miami dentist and kept him alive until he could rally.

Quick action by the brother of Dr. Raymond J. Smith, 45, was credited today by medical authorities with saving the dentist's life in what was described as one of the most remarkable cases of its kind on record.

Smith should recover and may return to his practice, said Dr. Robert S. Litwak, chief of thoracic surgery at the University of Miami Medical Center at Jackson Memorial Hospital.

The incident occurred Saturday but was not publicized until Wednesday night. Hospital attendants said Smith returned home from water skiing and complained of chest pains. His wife called his

brother, Dr. Donald W. Smith, who is a surgeon who sent him to the hospital.

The brother opened his brother's chest cavity and began mas-

saging the heart. Litwak and others joined him. The heart showed a faint pulse, then began to beat rhythmically.

The hospital said the stricken dentist is still on the "critical list."

Policeman Flustered
SAN DIEGO, Calif. (AP)—Marine
Sgt. Harold Cutler was rushing
his wife to a hospital for the ex-
pected birth of twins when he was
pulled to the curb by a young
police officer.

After hearing the story, the of-
ficer transferred the Cutlers to
his prowl car. With red lights
flashing, he raced them through
town and pulled up at the Uni-
versity of California's Scripps In-
stitution of Oceanography.

Mrs. Cutler told the policeman
that she was going to have babies,
not fish, and please get her to
the nearby Scripps Memorial Hos-
pital.

The officer, more badly shaken
by now than the Cutlers, got them
to the hospital on his next try—
and on time. Murnured one hos-
pital nurse: "We're used to the
sight of panicky fathers. But the
face of this young policeman was
something to study."

How to Eat Well and Stay Well

By Cecily Brownstone
AP Newsfeatures Food Editor

Here it is! A guide for those
families who are interested in
changing their diet to conform
to research done in recent years
on the relationship between cor-
onary heart disease and choleste-
rol in the blood.

In "Eat Well and Stay Well" by
Ancel and Margaret Keys (Doub-
leday, \$3.95) a well-known physi-
ologist and his wife, a biochemist,
have put nutrition whys and
wherefores so simply that lay per-
sons (and cooks) can decide for
themselves whether they want to
follow the book's diet advice.

The first part of the volume ex-
plores the reasons for many sci-
entists' suspicion that "luxurious
high-fat diets may promote cor-
onary heart disease." Dr. Keys
would not for a moment say that
fats in the diet are the sole cause
of the difficulty, but he believes
it well for Americans to take ac-
count of the evidence so far. This
is how he sums up his recom-
mendations.

- 1. Do not get fat; if you are
fat, reduce.
- 2. Restrict saturated fats, the
fats in beef, pork, lamb, sausages,
margarine, solid shortenings, fats
in dairy products.
- 3. Prefer vegetable oils to solid
fats, but keep total fats under 30
per cent of your diet calories.
- 4. Favor fresh vegetables, fruits
and non-fat milk products.
- 5. Avoid heavy use of salt and
refined sugar.
- 6. Good diets do not depend on
drugs and fancy preparations.
- 7. Get plenty of exercise and
outdoor recreation.
- 8. Be sensible about cigarettes,
alcohol, excitement, and business
strain.
- 9. See your doctor regularly and
do not worry.

Fegato Veneziana —

Ingredients: 4 large onions, ½
teaspoon salt, 1 tablespoon oil, 1
pound calves' or baby-beef liver.
Method: Cut the onions into
small pieces; add the salt; saute
in the oil until golden. Cut the
liver into half-bite size pieces, dis-
carding skin and veins. Add liver
to onions, cooking and stirring 2
minutes longer. Per recipe: 960
calories, 92 grams Protein, 37
grams Fat.

Note: Two tablespoons white
wine may be added just before
serving.

The Before Dinner Bit

Dr. and Mrs. Keys have good
advice about those appetizers and
snacks Americans love to nibble
on. Here's what they suggest:
Popcorn (fresh and sprinkled
lightly with oil), olives, celery,
and carrot sticks and a thin cheese
dip with thin potato chips (which
makes it almost impossible to get
very many calories at a bite) can
be made available in strategically
placed bowls and no one will feel
deprived—or overeat.

This Meal Ideal for Day Before Payday

By CECILY BROWNSTONE
AP Newsfeatures Food Editor

What's cooking the day before
pay day?

Our latest try at a low-cost
dinner dish for four makes a half-
pound of ground beef stretch to
serve hearty appetites.

We'll say right now that we
"saved" a little pork sausage
(only ¼ pound) to put with the
ground beef, and stretched it
further with whole-wheat bread
crumbs and an egg.

We like this dish for its good
flavor and because it saves pan
washing; the meat is made into
individual loaves and baked with
frozen cut corn in one casserole.
If you follow our advice, you'll
put four potatoes into the oven
to bake along with the meat and
corn.

Should company suddenly de-
scend on you for this meal, you
can use frozen broccoli stalks for
a quick haute-cuisine salad. Cook
the broccoli according to package

directions and drain; pour a mari-
nade of olive oil, wine vinegar,
prepared mustard, salt and fresh-
ly-ground pepper over the hot
broccoli. Then cool off the veg-
etable while the meat and corn
are baking.

For dessert have fruit, cookies
or cheese and crackers — what-
ever's in the house.

INDIVIDUAL MEAT LOAVES
WITH CORN

Ingredients: 1 package (10 oun-
ces) frozen cut corn, ¼ cup diced
pimiento, ½ teaspoon salt, 1 cup
cubed trimmed whole-wheat bread
(2½ thin slices), 1-3 cup milk, ½
pound ground lean beef chuck, ½
pound bulk pork sausage, 1 tea-
spoon grated bottled horseradish,
2 tablespoons grated onion (pulp
and juice), ½ teaspoon dry must-
ard, 1 egg, paprika.

Method: Separate corn kernels
by striking package against kitch-
en work surface before opening;
turn corn into buttered shallow
baking dish (about 1 quart size)

or a deep heat-resistant glass pie
plate (8½ by 1½ inches); sprinkle
with salt and pimiento; allow to
stand so corn will defrost partly
while preparing meat. Mix bread
and milk well; add beef, sausage,
horseradish, onion, mustard and
egg; mix well. Form into 4 in-
dividual loaves. Place loaves in
4 "nests" in corn. Cover with
casserole top or by tucking foil
firmly over dish. Bake in hot (400
degrees) oven 45 minutes. Un-
cover last 15 minutes of baking;
stir meat juices into corn. Sprin-
kle loaves with paprika. Makes
4 servings.

Note: The sausage adds some
salt to the meat. This combina-
tion makes pleasantly soft meat
loaves.

In a speech in 1923, Calvin Cool-
idge said: "After order and lib-
erty, economy is one of the high-
est essentials of a free govern-
ment."

Star Shortage
Big Headache
In Television

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—The film
industry's biggest headache is not
television nor the sagging box of-
fice. It's the star shortage.

That was underlined again with
the cancelling of "Bachelor's
Baby," which Dick Powell was to
produce and direct for 20th Cen-
tury-Fox. Reason: the studio
couldn't find a female star to ap-
pear opposite Bing Crosby.

Bing has long had a policy of
insisting on strong names to co-
star with him.

One of the few times he agreed
to be the sole star of a picture
was "Man on Fire." It was a flop,
and Bing is more firm than ever
in his conviction that he should
have one or more top names op-
posite him.

A British movie about Holly-
wood? It could happen. Robert
Kirsch, book editor of the Los
Angeles Times, reports interest
from an English film company in
his new novel, "In the Wrong
Rain." The story is about a busi-
ness manager for film stars who
gets involved in a romance with a
young acting hopeful.

James Cagney is submerging
his Cagneyisms to portray Bull
Halsey in "The Gallant Hours."
Says he: "I've had to unlearn all
the tricks and shortcuts I've col-
lected over the years. The truth is
that Halsey is such a direct, no-
nonsense guy that any manner-
isms would seem phony."

Wife of Tennis Star
Wants a Divorce

LOS ANGELES (AP)—The wife
of tennis star Pancho Segura
wants a divorce.

The former Virginia Spencer
Smith of Forest Hills, N.Y., said
in court Wednesday that Segura
once threatened to spirit the
couple's 6-year-old son to Ecuador,
her husband's native country. She
sought the divorce on grounds of
cruelty.

The couple was married in 1947.
She said they separated Tuesday.

Officer Pleads For
Character Building

LONG BEACH, Calif. (AP)—A
high ranking Navy official told a
military and civilian audience
Wednesday:

"We need your help in building
strong moral character into our
youth before they enter military
life."

Vice Adm. Robert Goldthwaite,
chief of naval air training, made
the plea at the opening of a two-
day moral leadership workshop at
Los Alamitos Naval Air Station.
The workshop is one of a series
being held across the country.

Goldthwaite said a breakdown
in moral values is a direct threat
to the nation's security.

Teacher's Plaground

WICHITA, Kan. (AP)—Wichita
school teachers are going to have
their own playground.

They have paid \$70,000 for a
nearby farm on which they are
going to have fishing, boating,
sneet shooting, a golf course, base-
ball diamonds and saddle horses.

It's a project of a voluntary
teachers' organization called Rec-
reational Area For Teachers. Ger-

ald Klepinger, RAFT president,
says there are 900 members and
nominal dues.

Meanest Thief

GREENVILLE, S.C. (AP)—Police say it must have been the meanest thief in town who broke into the home of Allene Miller.

Among other things, the thief stole a bank containing \$92 which had been collected for the cerebral palsy fund by Mrs. Miller's son, Tommy, 14. Tommy is a cerebral palsy victim himself.

It's Up to You

GOLDEN, Colo. (AP)—A hotel in this community at the edge of the mountains advertises 30 air-conditioned rooms and adds: "If you can't sleep here, it is your conscience."

He Has 'T Trouble

FORTVILLE, Ind. (AP)—Undaunted by a broken "T" key on his typewriter, editor Herb Curry pounded out his usual column for the weekly Fortville Tribune and concluded: "Maybe next week the eyekey on my typewriter will be fixed."

er and Randy were Sunday dinner guests of Mr. and Mrs. Charles Lee Schlotzhauer, Pilot Grove. Mrs. James Phillips and Mrs. Billy Mullett attended the Alumni Banquet at the Buncheon High School Saturday evening.

Sugar Coated Nuts Fancy Confectionary

By CECILY BROWNSTONE
AP Newsfeatures Food Editor

When warm weather encourages patio picnics and porch parties, a hospitable cook's fancy turns to the great American predilection for snacking.

If you want to keep snackers in paradise with something new and home-made, you may be interested in these superb glazed nuts. Most cooks relegate these to fancy and expensive confectionary shops, but we found that with some care we could concoct this specialty in our own kitchen. If you're an adventurous and dedicated cook, there's no reason why you can't do the same.

The hitch is that after you take the time to give a batch of walnuts and pecans their thin crisp sweet coating, it's hard to stop eating them! Should you resist temptation, put them in a tightly-covered screw-top jar and they'll keep for several weeks. They're wonderful to serve at a party with a fruit punch.

Because these glazed nuts are in the candy category, we caution you to observe certain rules when you make them.

First, follow the recipe faithfully, using the type of pan and the heat specified. If you want to make more of the nuts than our recipe calls for, do so in two batches. It's never wise to double a candy-category recipe.

Let someone else answer the doorbell and phone, should they ring while you are glazing the nuts. The syrup must be cooked to a 300 degree temperature; once the thermometer hits 220 degrees, it goes up extremely fast and you'll need to keep your eye on it. It is wise to double-check on whether the hard-crack stage has been reached by testing the syrup in cold water.

You'll also need to work fast when you get to the point of coating the nuts in the syrup, draining and separating them.

GLACED NUTS

Ingredients: 1 1/2 cups sugar, 1/2 cup light or dark corn syrup, 1/2 cup water, 1/2 teaspoon salt, 3 cups walnut or pecan halves, 2 tablespoons butter, 1 teaspoon vanilla extract.

Method: In a medium-sized heavy saucepan stir together well the sugar, corn syrup, water and salt. Stir over low heat until sugar dissolves. Cook without stirring over medium heat to hard crack stage (300 degrees on a candy thermometer) or until a small amount of the syrup dropped into very cold water separates into threads that are hard and brittle. Meanwhile spread nuts in a shallow pan and heat in a moderate (350 degrees) oven for 10 minutes. Reduce heat under candy mixture to very low, add heat-

ed nuts, butter and vanilla. Stir just until nuts are coated and butter is melted. Remove from heat; turn into a large coarse sieve, set over a buttered pan, for 1 minute to drain off excess syrup; spread nuts on another shallow buttered pan and separate with forks.

Variation: For a slightly redolent but not overpowering spice flavor, omit vanilla; mix 1 teaspoon cinnamon, 1/4 teaspoon ginger, 1/4 teaspoon cloves, and 1/4 teaspoon nutmeg with sugar.

Note: When cool, the syrup mixture drained from nuts may be broken into pieces for hard candy.

Strawberries Are Colorful Early Arrivals

By CECILY BROWNSTONE
AP Newsfeatures Food Editor

Strawberries are showing themselves and it's not quite short-cake time. That grand and glorious all-American open season comes later. Then shortcakes are made with a lavish amount of berries, heavy cream (plain or whipped) and biscuit rather than cake — rich biscuit, yes, but biscuit.

So what's in between? We're all for an angel food or sponge cake (lower in calories than other varieties) served with a strawberry-lemon sauce. This tastes delightful "as is," but if you want to gild it you may add a topping of whipped cream.

Both angel food and sponge cakes may be bought, of course, or made at home. If you choose angel food made from a mix, you may wish to try one of the new varieties — orange, lemon or pineapple-lemon.

Here's the recipe for the sauce. It is just slightly on the tart side so be sure you choose strawberries that are beautifully ripe. Try

HEAVENLY . . . is this angel food cake frosted with whipped cream and garnished with strawberries dipped in seedless red raspberry preserves.

the sauce sometimes, too, on good old-fashioned cottage pudding.

STRAWBERRY-LEMON SAUCE

Ingredients: 1 pint ripe strawberries, 1 cup sugar, 2 tablespoons cornstarch, 2 cups water, 1-3 cup lemon juice, 4 tablespoons butter or margarine, salt.

Method: Turn strawberries into a colander; rinse with cold water; hull. Dry on paper toweling; slice lengthwise. In a 1½ or 2-quart saucepan stir together thoroughly the sugar and cornstarch; add the water gradually, stirring until smooth after the first additions. Cook and stir constantly over moderate heat until boiling, thickened and clear. Turn heat low; add lemon juice and butter; stir until butter melts and combines; remove from heat. Stir in a few grains of salt and the sliced strawberries. Serve warm over sponge or angel food cake. Makes 1 quart thin sauce.

STRAWBERRY GARNISH

We've discovered a way to fix strawberries for a garnish that's utterly delightful. Put ¼ cup of seedless red raspberry preserves and 1 tablespoon of hot water in a 1-cup measure. Place the cup in a small saucepan of hot water over low heat; stir until the jelly melts; remove the cup from the water. Wash and hull strawberries; dry on paper toweling. Lightly spear a strawberry (at the hulled end) with a thinned fork; dip into the warm melted jelly to coat. Hold the berry a second or so over the cup of jelly to drain a bit. Lightly spear another fork into the tip of the coated strawberry and (with the help of the first fork) stand the berry on its hulled end on several thickness of paper toweling. Dip the remaining berries, one at a time, the same way. Allow the berries to stand until as much of the jelly as is going to drain down does so. This amount of jelly will be enough for dipping about 1½ pints good-size strawberries.

This garnish takes a little doing but the final effect is wonderful to look at and delectable in flavor. Well worthwhile for a party!

Life's Little Questions

Why Do Women Tug at Top Of Their Bathing Suits?

By ED CREGAH
WASHINGTON (AP) — Why? Why? Why?
Do women constantly tug at the tops of their bathing suits at a beach or swimming pool?
Why don't all men wear beards?
Why don't people learn to stop sticking their unlovely noses into the business of other people? My father used to tell about a man out West who lived to a prosperous old age simply by minding his own (censored) business.
Why don't more people look on marriage as an adventure instead of a 20-years-to-life penitentiary sentence?
Why are politicians?
Why are children all poets? Son
